

HOW DOES YOUR BRAIN PROCESS FAMILIAR MUSIC?

WE NEED RESEARCH VOLUNTEERS!

- Participation will happen in two sessions each taking less than two hours
 - Session 1: You will be asked to listen to music in the fMRI scanner
 - Session 2: You will be asked to complete tasks on a computer.
- You can take as many breaks as you need and can end participation or withdraw from the study at any time.
- You will be compensated for all of your time.

We are looking for participants over the age of 65!

If you are interested please
email: avital.sternin@uwo.ca
for more details about the study and to
determine your eligibility!
