

## Christie Gardens Study

When a resident indicates their interest to participate in the study:

- Please ask residents to sign up for a session time slot on the schedule provided
- Each session includes two parts: the first is 1.5 hours, the second will take less than 30 minutes later that same day. After the first session, participants will be given a questionnaire and asked to complete it and return with it to their second session.
- Please use the attached appointment cards to send participants home with a reminder of their assigned date, time, and place. **Note: depending on the date and session testing will take place in a different room. See the top of the schedule for each day for room numbers.**
- Please also give the participants a letter of information package. **Participants DO NOT need to sign it prior to their session.** Giving the participant the letter of information package at the time of signing up allows the participant to read through the package at their leisure. Any questions they have will be discussed before starting their session. The researcher and the participant will sign the consent form after all questions have been answered to the participant's satisfaction and prior to beginning the study.
- If possible, please encourage participants to sign up on the Monday and Tuesday dates. That way the Wednesday can be used for overflow/missed appointments.

Thank you for signing up for our study!

Date \_\_\_\_\_ Session 1 \_\_\_\_\_ in \_\_\_\_\_

Session 2 \_\_\_\_\_ in \_\_\_\_\_

Both sessions will take place on the same day.

After the first session you will be given a questionnaire to fill out and return at your second session.

Any questions? email [avital.sternin@uwo.ca](mailto:avital.sternin@uwo.ca)
